

DC POSITIVE ACCOUNTABLE COMMUNITY TRANSFORMATION (PACT)
COMMON AGENDA

PRINCIPLES	Health and social needs are human rights for all DC residents which require the equitable and sustainable distribution of resources	Partners commit to shared responsibility, accountability, and transparency as necessary components of work performed in the service of health equity and justice	Goals and interventions will be data-focused, driven by person-centered outcomes, and transformative	Work will be coordinated across community services and sectors resulting in respectful and compassionate care that empowers District residents with the greatest health and social needs	We prioritize creativity, flexibility, innovation, and vision in determining the coalition's strategic priorities
-------------------	---	--	--	--	---

PROBLEM DEFINITION	A structural lack of shared accountability and collaboration amongst health systems and community resource organizations in addressing social needs has contributed to poor health outcomes and health inequity	VISION	DC functions as a seamless accountable health community that addresses unmet social needs to improve health and increase equity	MISSION	Build the movement to reframe the culture of care delivery to address social needs, improve health outcomes, and increase health equity in the District of Columbia
---------------------------	---	---------------	---	----------------	---

STRATEGIC GOALS	#1: By December 2020, standardize social needs screening citywide and establish DC PACT expertise on analysis, reporting, and dissemination of social needs and health outcomes data	#2: By December 2020, position DC PACT as a clearinghouse and hub for health system action to address social needs and improve health equity
	#3: By December 2020, leverage a bidirectional cloud-based health information exchange to identify the social needs of patients, facilitate high quality care coordination, and enable staff to provide effective referrals that can be tracked in a standardized process	#4: By December 2020, for the highest risk/cost members, leveraging all information and assessments currently available, address unmet social needs for 90% of the target population

Objectives	<u>Screening and Information Exchange working group (goals 1 and 3)</u>	<u>Addressing Unmet Social Needs working group (goals 2 and 4)</u>
	<ol style="list-style-type: none"> 1) Process map and gap analysis of referral processes 2) Write a resource and governance plan for data exchange 3) Develop a data dictionary for health exchange 4) Create partnership development plan for exchange users 5) [Hold for additional items on goal #1] 	<ol style="list-style-type: none"> 1) Define and map target population 2) Map resources available 3) Gap analysis between population and resource availability 4) Develop service and outreach plan 5) [Hold for additional items on goal #2]
